

The AAMC Center for Health Justice All in for Health Equity Initiative

Informational Webinar
February 1, 2022

Association of
American Medical Colleges

A photograph of a wooden boardwalk winding through a grassy dune landscape. The boardwalk is made of light-colored wooden planks and curves from the foreground towards the background. The landscape is covered in tall, green grass and some low-lying shrubs. In the distance, there are sand dunes and a line of trees under a clear sky.

Health equity is the goal.
Health justice is the path.

All in for Health Equity

A multisector, co-designed experiment to determine a new focus area for the center

All in for Health Equity Goals

- Build authentic collaborations across sectors of society.
- Co-create an aligned agenda and an initiative intended to make a significant impact on health justice.
- Informed by national public polling, focus groups, and the Multisector Partner Group deliberations.

Multisector Partner Group

- 8-10 representatives from a range of sectors.
- Will inform and guide the Center for Health Justice's programmatic and partnership building activities.

Member expectations:

- Bring your authentic self to all activities and work.
- Actively participate in all meetings.
- Complete all pre- and post-meeting work.
- Time commitment will be 3-5 hours/month for 3 years.
